The Graduate Record Examinations (GRE) Program is administered by Educational Testing Service under policies determined by the GRE Board, an independent board affiliated with the Association of Graduate Schools (AGS) and the Council of Graduate Schools (CGS). The GRE Board and Educational Testing Service are dedicated to the principle of equal opportunity, and their programs, services and employment policies are guided by that principle. If state legislation that affects the GRE tests is enacted and becomes effective during the 2011-12 testing year, testing may be curtailed in the states in which the new laws would apply. GRE scores are not the property of the examinee even though the use, reporting and cancellation of scores are subject to various rights and restrictions as indicated in this *Bulletin*. The policies and procedures explained in this *Bulletin* are effective only for the 2011-12 testing year (August 1, 2011, through June 30, 2012) and supersede previous policies and procedures. The fees, terms and conditions contained in this *Bulletin* are subject to change. Visit [www.ets.org/gre](http://www.ets.org/gre) for the most up-to-date information. # INTRODUCING THE GRE® REVISED GENERAL TEST

Starting August 1, 2011, the GRE revised General Test replaces the GRE General Test, giving you new question types, a better test experience and an opportunity to save 50% if testing in August or September 2011.

- ▶ **New types of questions** in the Verbal Reasoning and Quantitative Reasoning sections reflect the kind of thinking you will do in today's demanding graduate and business school programs.
- ▶ **A new test-taker friendly design** for the computer-based test that lets you edit or change your answers, skip questions and more, all within a section — giving you the freedom to use more of your own test-taking strategies. An on-screen calculator is also available. For those taking the paper-based GRE revised General Test, calculators will be provided at the test center for use during the test.
- ▶ **Special savings of 50% when you take the GRE revised General Test** between August 1 and September 30, 2011. To learn more about saving 50% on your test fee, visit [www.ets.org/gre/revised/discount](http://www.ets.org/gre/revised/discount).\*

**Important score reporting information you need to know:** If you take the GRE revised General Test during our special discount period of August – September 2011, your scores will be sent by mid-November. If you need your scores *before* November 2011, you need to take the General Test *before* August 2011.

## Verbal Reasoning

Featuring new types of questions, the Verbal Reasoning section of the revised test more closely reflects the kind of thinking you will do in graduate or business school, and better measures your ability to understand what you read and how you apply your reasoning skills.

## Quantitative Reasoning

You will still need to know basic math for the GRE revised General Test. The difference, however, is the increased **emphasis on data interpretation and real-life scenarios**. There are new types of questions that require you to show your quantitative reasoning ability. Plus, to reduce the emphasis on computation, we provide an on-screen calculator. For those taking the paper-based GRE revised General Test, calculators will be provided at the test center for use during the test.

## Analytical Writing

The Analytical Writing section is not changing dramatically. You will still write two essays, one where you evaluate a logical argument, and the other where you express your views on a critical issue. However, you will need to provide **more focused responses** based on the tasks presented, so you can more accurately demonstrate your skill in directly responding to that task.

## Changes to the Design of the Computer-based revised General Test

- ▶ New preview and review capabilities within a section
- ▶ New “mark and review” feature to tag questions, so you can skip and return later
- ▶ New ability to change/edit answers within a section
- ▶ New on-screen calculator for the Quantitative Reasoning section

## Changes to the Design of the Paper-based Test

- ▶ You will now enter your answers in a test book, rather than a separate answer sheet.
- ▶ You will be provided an ETS calculator to use during the Quantitative Reasoning section; you may not use your own calculator.

## Important Information If You Need Your Scores Before November 2011

Scores on the revised General Test will be reported beginning in November 2011. If you need your scores before November 2011, you must take the GRE General Test *before* August 1, 2011.

## Testing in Mainland China, Hong Kong, Taiwan and Korea

- ▶ With the introduction of the GRE revised General Test, test takers will be able to take the entire test on computer (the Verbal Reasoning, Quantitative Reasoning and Analytical Writing sections) in one session, on the same day.
- ▶ The GRE revised General Test will be administered one to two times per month in these locations. See the scheduled test dates on page 38.

\*50% discount offer applies to the GRE revised General Test administration fee only for tests taken from August 1, 2011 – September 30, 2011. Examinees who take the test during this testing period will be sent their scores by mid-November 2011. Fee and discount does not include all applicable fees, Value Added or similar taxes. Cannot be applied to previous registrations or combined with any other offers. Examinees who register within the promotional period may reschedule during such promotional period, subject to applicable fees; however, any and all other cancellations and rescheduled exams are non-refundable. Not valid for cash or cash equivalent. There are no guarantees of seat availability, so examinees must register to reserve a seat. All other GRE terms and conditions are in effect. ETS may modify or discontinue this offer at any time without notice.

# ABOUT THE GRE® TESTS

## GRE® revised General Test

The GRE revised General Test is offered on computer throughout the year in most regions of the world. Paper-based administrations are offered in areas of the world where computer-based testing is not available.

The revised General Test measures skills that have been developed over a long period of time and are not necessarily related to any particular field of study. The test is composed of Analytical Writing (AW), Verbal Reasoning (V) and Quantitative Reasoning (Q) sections. Testing time is listed below.

### Computer-based revised General Test

**AW:** one section with two timed tasks:

Analyze an Issue—30 minutes

Analyze an Argument—30 minutes

**V:** two 30-minute sections—approximately 20 questions per section

**Q:** two 35-minute sections—approximately 20 questions per section

In addition, an unidentified V or Q section that does not count toward a score may be included and may appear in any order after the Analytical Writing section. Be sure to complete all V or Q sections since you will not know which ones will be counted as part of your score. An identified research section that is not scored may also be included.

### Paper-based revised General Test

**AW:** two sections—one writing task per section:

Analyze an Issue—30 minutes

Analyze an Argument—30 minutes

**V:** two 35-minute sections—approximately 25 questions per section

**Q:** two 40-minute sections—approximately 25 questions per section

## GRE® Subject Tests

The Subject Tests are paper-based tests in eight subject areas. Subject Tests measure achievement in specific subject areas and assume undergraduate majors or extensive background in those disciplines. Testing time is 2 hours and 50 minutes.

Brief descriptions of the Subject Tests follow:

### B22—BIOCHEMISTRY, CELL AND MOLECULAR BIOLOGY

The test consists of approximately 175 questions and is intended for students who are interested in graduate programs in biochemistry, cell biology and molecular biology, along with related programs such as microbiology and genetics. The questions are distributed among three subscore areas: Biochemistry (36%), Cell Biology (28%) and Molecular Biology and Genetics (36%).

### B24—BIOLOGY

The test consists of approximately 194 questions that are distributed among three subscore areas: Cellular and Molecular Biology, Organismal Biology and Ecology and Evolution.

### C27—CHEMISTRY

The test consists of approximately 130 questions designed to cover much of the content of the chemistry courses completed by students before the middle of the senior collegiate year. The questions are classified approximately as follows: analytical chemistry (15%), inorganic chemistry (25%), organic chemistry (30%) and physical chemistry (30%).

### C29—COMPUTER SCIENCE

The test consists of approximately 70 questions and is intended for students who plan to seek a graduate degree in computer science and who have taken courses in computer science at least to the level of an undergraduate major in computer science. The questions are classified approximately as follows: software systems and methodology (40%), computer organization and architecture (15%), theory and mathematical background (40%) and other topics, such as artificial intelligence, cryptography and social issues (5%).

### L64—LITERATURE IN ENGLISH

The test consists of approximately 230 questions on literature in English from the British Isles, the United States and other countries. It also contains a few questions on major works, including the Bible, in translation. Factual questions test a student's knowledge of writers typically studied in college courses. Interpretive questions test a student's ability to read passages of poetry, drama, fiction and nonfiction prose perceptively; such questions may address meaning, use of language, form and structure, literary techniques and various aspects of style. The questions are classified as follows: literary analysis (40–55%), identification (15–20%), cultural and historical contexts (20–25%), history and theory of literary criticism (10–15%). In addition, the literary-historical scope of the test is as follows: continental, classical and comparative literature through 1925 (5–10%); British literature to 1660, including Milton (25–30%); British literature 1660–1925 (25–35%); American literature through 1925 (15–25%); American, British and World literatures after 1925 (20–30%).

### M68—MATHEMATICS

The test consists of approximately 66 questions and is intended to measure both the knowledge of the content of undergraduate mathematics courses for mathematics majors and the mathematical abilities traditionally expected of those who intend to seek a graduate degree in mathematics. In addition to the usual sequence of elementary calculus courses, the examinee should have had mathematics-major courses in abstract algebra, linear algebra and real analysis that require students to demonstrate the ability to prove theorems and create counterexamples. The questions are classified approximately as follows: calculus (50%), algebra (25%) and other topics (25%). The other topics may include: discrete mathematics and algorithmic processes, differential equations, topology and modern geometry, complex analysis, probability and statistics, logic and foundations and numerical analysis.

## ABOUT THE GRE® TESTS (continued)

### P77—PHYSICS

The test consists of approximately 100 questions, most of which relate to the first three years of undergraduate physics. Topics include classical mechanics (20%), electromagnetism (18%), atomic physics (10%), optics and wave phenomena (9%), quantum mechanics (12%), thermodynamics and statistical mechanics (10%), special relativity (6%) and laboratory methods (6%). The remaining 9% of the test covers advanced topics such as nuclear and particle physics, condensed matter physics and astrophysics.

### P81—PSYCHOLOGY

The test consists of approximately 205 questions drawn from courses most commonly offered at the undergraduate level. Most of the questions are distributed between two subscore areas: Experimental Psychology (40%), including learning, language, memory, thinking, sensation and perception and physiological/behavioral neuroscience; and Social Psychology (43%), including clinical and abnormal, lifespan development, personality and social. The remaining 17% of the questions test other topics, predominately measurement and methodology, and also history, industrial/organizational and educational psychology. The test's total score includes the questions in all three categories.

## GRE® Search Service

The FREE GRE Search Service matches prospective graduate students with participating graduate and business schools and fellowship sponsors. If you match the recruitment profile of a participating institution/organization, you may be sent information about their programs, admission requirements, financial aid opportunities, fellowships and other graduate education opportunities. It is a great way to broaden your search and hear about graduate and business school programs you might not have known about or considered.

You will be given the option to register for the Search Service when you register for a GRE test. If you would like to participate in the service before you take a GRE test, you may register for the Search Service at any time at [www.ets.org/mygre](http://www.ets.org/mygre). See “My GRE Account” on this page.

When you participate in the Search Service, your background information, contact information and broad score ranges into which your test scores fall will be added to the Search Service database so that participating institutions can locate you. Information provided to participating schools does not include individual GRE test scores. To learn more about the service, visit

[www.ets.org/gre/revise/stusearch](http://www.ets.org/gre/revise/stusearch).

## ETS® Personal Potential Index

When used with GRE scores, the ETS® Personal Potential Index (ETS® PPI) helps you show graduate admissions programs a more complete picture of your potential for success.

You can use the ETS PPI to send institutions information about your personal qualities that graduate and business school deans and faculty say are important for academic success. You simply ask evaluators you know to complete an online form that provides insight on your personal qualities, including knowledge and creativity, communication skills, teamwork, resilience, planning and organization, and ethics and integrity. That information is then compiled in an ETS PPI Evaluation Report that is sent to the institutions of your choice. It is a great opportunity to show more of what you can offer.

If you register for the revised General Test, you will be able to send up to four ETS PPI Evaluation Reports to institutional recipients as part of your test fee. Additional reports can be sent for US\$20 each.

You can include evaluations in the ETS PPI Evaluation Reports for up to five years from the date they were completed.

The unique information contained in the ETS PPI Evaluation Report can help graduate and business schools know that you are up to the challenge. To access the ETS PPI service or to learn more, visit [www.ets.org/ppi](http://www.ets.org/ppi).

## The ETS My Credentials Vault<sup>SM</sup> Service

Now there's a better way to stay organized. The ETS *My Credentials Vault*<sup>SM</sup> service is a secure, easy-to-use, web-based service that helps simplify the entire recommendation process. You and your letter writers can use this centralized system to manage recommendation letters from initial request through delivery to the graduate or business school of your choice.

# ON THE TEST DAY

## Identification (ID) Requirements

All test takers are responsible for bringing valid and acceptable identification each time they report to a test center. It is your responsibility to ensure that your ID documents are up-to-date and available on the day of the test.

**Your ID requirements depend on your country of citizenship and where you plan to test. Please read the specific section for acceptable primary and supplemental ID documents and allowed exceptions.**

- ▶ As outlined in “The Name You Use When Registering” on page 11, you are responsible for ensuring that the name you used to register **exactly** matches the name on the ID document(s) you will present at the test center.
- ▶ If the test administrator questions the ID you present, you may be required to provide supplemental ID. If positive confirmation cannot be made, you may not be permitted to test or your test score may be withheld.
- ▶ All test takers are encouraged to bring at least two forms of acceptable ID each time they report to a test center. Prior admission to a test center based on a given ID document does not assure that that document will be considered acceptable. Test centers are not required to hold your seat if you leave the center to obtain acceptable identification.
- ▶ Admission to the test center does not assure that the ID you provided is valid or that your scores will be reported. All reported cases of questionable ID are subject to review and approval by the ETS Office of Testing Integrity either during or after the test administration. ETS reserves the right to withhold and/or cancel scores in the event that the ID requirements set forth herein are not met.
- ▶ You may be required to show your ID and/or to sign a test center log at various points throughout the test administration.
- ▶ Your test fees will not be refunded if you are not permitted to test or if your scores are withheld or canceled because of invalid or unacceptable ID.

### ID DOCUMENT REQUIREMENTS

With few exceptions, ID documents must meet *all* of the following requirements. Each ID document must:

- ▶ be an **original** document; photocopied documents are not acceptable
- ▶ be **valid**; expired documents (bearing expiration dates that have passed) are not acceptable
- ▶ bear the test taker’s **full name** *exactly* as it appears on the admission ticket
- ▶ bear a recent **photograph** that clearly matches the test taker
- ▶ bear the test taker’s **signature**

See “Unacceptable ID Documents” on page 18.

### SUPPLEMENTAL ID DOCUMENTS

- ▶ You may be required to provide a supplemental ID if the test administrator questions your primary ID document and/or if your primary ID document is otherwise acceptable but does not bear your full name, photograph or signature.
- ▶ Supplemental ID documents may *not* be used to resolve last name discrepancies. The last name on your primary ID *must* match the name on your admission ticket.

The following ID documents are generally acceptable as supplemental ID:

- ▶ **Government-issued ID card** (including, but not limited to, those listed under Primary ID Documents earlier in this section)
- ▶ **Student ID card**
- ▶ **Confirmation of identity letter from your educational institution.** This letter must be typed or printed on the original letterhead of the educational institution you attend(ed) and, in addition to meeting all of the ID Document Requirements listed earlier in this section, must include your date of birth and the date issued. Additionally, a school official’s signature and the school seal must be present and both must overlap your photograph. Such letters are valid for only one year from the date issued.

## Test Center Procedures and Regulations

### FOR BOTH COMPUTER-BASED AND PAPER-BASED TESTS

By submitting your registration for a GRE revised General Test and/or GRE Subject Test, you are agreeing to abide by all procedures and policies contained in this *Bulletin* and/or communicated to you at the test administration for which you have registered.

### GENERAL GUIDELINES

- ▶ Dress so that you can adapt to any room temperature.
- ▶ Test centers do not have large waiting areas. Friends or relatives who accompany you to the test center will not be permitted to wait in the test center or be in contact with you while you are taking the test. Except for ETS-authorized observers, visitors are not permitted in the testing room while testing is in progress.
- ▶ ID verification at the test center may include thumbprinting, photographing, videotaping or some other form of electronic ID confirmation. If you refuse to participate, you will not be permitted to test and you will forfeit your registration and test fees. This is in addition to the requirement that you must present acceptable and valid identification.
- ▶ Food, drinks and tobacco are not allowed in the testing room.
- ▶ If you have health-related needs that require you to bring equipment, beverages or snacks into the testing room or to take extra or extended breaks, you need to follow the accommodations request procedures described in the *Bulletin Supplement for Test Takers with Disabilities or Health-Related Needs*. See page 8.
- ▶ **Do not bring cell phones, smartphones (e.g., BlackBerry® devices, iPhones), PDAs and other electronic or photographic devices into the test center.** If you do, you will be dismissed from the test, your test fees will be forfeited and your scores will be canceled. Test administrators are not permitted to collect and hold cell phones or other devices. If you are seen using any of these electronic devices and/or transmitting data, including but not limited to text messaging, e-mail and photographs, your device may be inspected and/or confiscated.
- ▶ Personal items other than identification documents are not allowed in the testing room. You will be required to follow the procedures set by the test center for storage of your personal belongings. You may also be asked to empty your pockets. Storage space is limited, so plan accordingly. You will not have access to your personal items during the test. Personal items such as hats, scarves, jackets and outerwear that are taken into the test room are subject to inspection by the test administrator. Failure to comply may result in dismissal from the test and/or cancellation of scores.
- ▶ Neither ETS nor the test centers assume any responsibility whatsoever for personal items or devices that you choose to bring into the test center.

- ▶ The test administrator will assign you a seat.
- ▶ On occasion, weather conditions or other circumstances beyond the test administrator or ETS's control may require a delayed start or the rescheduling of your test appointment. In the event that a technical problem at the test center makes it necessary to cancel your test session, or if it is later determined that your scores could not be reported, you will be offered the opportunity to schedule another test appointment free of charge or receive a full refund of the original test fee. In addition, you may seek reimbursement from ETS for reasonable and documented expenses associated with traveling to the test center, even though technical problems are generally not the fault of ETS. To request reimbursement, contact GRE Services (see page 8) with the following information within 30 days of your original appointment: your name, date of birth, mailing address, daytime telephone number, e-mail address, original test date and registration or CBT appointment number, and a brief description of what occurred at the test center. All reimbursements will be made in U.S. dollars.
- ▶ You will be asked to designate your score recipients at the test center on the test day. If an institution is not listed, ask the test center administrator for the appropriate form to indicate unlisted institutions. Complete the form and turn it in *before* you leave the test center. The form will not be accepted after you leave the test center.
- ▶ If you do not select score recipients on the test day, or you would like to send your scores to more than four score recipients, you will need to submit an Additional Score Report request for a fee of US\$23 per score recipient (see page 23).
- ▶ **Note for individuals testing in Mainland China, Hong Kong, Taiwan and Korea:** The test will begin at 10 a.m. local time. Report to the test center no later than 9:30 a.m. on the test date.

### FOR COMPUTER-BASED TESTS ONLY\*

The following procedures and regulations apply during the entire test session, which begins at sign-in, ends at sign-out and includes breaks.

- ▶ If you requested and received an authorization voucher from ETS, you must take it with you to the test center.
- ▶ You will be required to write (not print) and sign a confidentiality statement at the test center. If you do not complete and sign the statement, you cannot test and your test fees will not be refunded.
- ▶ You may be required to sign the test center log before and after the test session and any time you leave or enter the testing room.
- ▶ You may be asked to remove your watch and to store it during the test administration.
- ▶ The test administrator will provide you with scratch paper that may be replenished after you have used all pages of the scratch paper initially given to you. You may not take your own scratch paper to the test, nor may you remove scratch paper from the testing room at any time. Scratch paper is provided to assist test takers in working out problems and for appropriate note taking during timed sections of the test. Scratch paper should NOT be used during breaks or before the test. At the conclusion of the test, you will be required to return all scratch paper to the test administrator.

\*ETS reserves the right to ensure the security of test content by using electronic detection scanning devices (e.g., hand-held metal detectors/wands). Failure to comply may result in dismissal from the test and forfeiture of your test fees.

## ON THE TEST DAY (continued)

- ▶ If at any time during the test you have a problem with your computer, or for any reason need the administrator, raise your hand.
- ▶ Testing premises are subject to videotaping.
- ▶ The GRE revised General Test includes an optional 10-minute break after the third section and one-minute breaks between the remaining sections of the test. These break times cannot be exceeded. You are required to remain in the test center building or in the immediate area.
- ▶ If you need to leave your seat at any time other than the break, raise your hand; timing of the section will not stop.
- ▶ You will have access to an onscreen calculator during the Quantitative Reasoning sections.
- ▶ Personal calculators are not permitted in the testing room.
- ▶ **Testing between August 1, 2011, through November 30, 2011:** Your unofficial Verbal Reasoning and Quantitative Reasoning scores on the new score scale will not be available for viewing at the test center. Instead, you will be able to view an estimate of your performance expressed as a range on the prior 200–800 score scale.
- ▶ **Testing in December 2011 or later:** You will be able to view your unofficial Verbal Reasoning and Quantitative Reasoning scores at the test center on the new 130–170 score scale in one-point increments.
- ▶ Because of the essay scoring process, you will not be able to view your Analytical Writing scores at the time you test.
- ▶ Test centers cannot provide printed copies of unofficial score reports.
- ▶ For the revised General Test, you will write your essay responses and enter your answers to test questions in the test book, rather than on a separate answer sheet.
- ▶ You will be provided with an ETS calculator to use during the Quantitative Reasoning sections.
- ▶ You may not use your own personal calculator.
- ▶ At the end of the test you will be required to return your test book to the test administrator. This material is the property of ETS.
- ▶ The GRE revised General Test includes a 10-minute break after the second Analytical Writing section. This break time cannot be exceeded.
- ▶ At the end of the test, you will be given the option to cancel your scores (see page 21).

**Although computer-based and paper-based tests are administered under strict supervision and security measures, testing irregularities may sometimes occur. Please contact ETS as soon as possible after the test to report any observed irregular behavior—for example, someone copying from another test taker, taking a test for someone else, having access to test questions before the exam or using notes or unauthorized aids. All information will be held in strictest confidence.**

- ▶ Failing to follow any of the test administration regulations contained in this *Bulletin*, given by the test administrator or specified in any test materials

ETS reserves the right to take all action—including, but not limited to, barring you from future testing and/or withholding or canceling your scores—for failure to comply with test administration regulations or the test administrator's directions. If your scores are canceled, they will not be reported, and your registration and test fees will not be refunded.

## Canceling Scores

At the end of the test, you will be given the option to cancel your scores. **You cannot cancel your score for one section of the test and have the scores for the remaining sections reported.** Although you have the option to cancel your scores, consider very carefully before doing so. Your scores will be reported to GRE score recipients only at your request. If you cancel your scores, they will NOT be reported to you or any score recipients, and no refund will be made. Canceled scores are not added to your permanent record. If you wish to take the test again, you must reregister and submit another test payment.

If you view your scores at a computer-based revised General Test session, you cannot cancel them at a later date.

## SCORE REINSTATEMENT

**Fee: US\$30**

Scores canceled by you can be reinstated if your request is received at ETS within 60 days after your test date. You may fax or mail a written request to GRE Services (see page 8). You may choose to send only General Test scores, only Subject Test scores or both scores, but you may not choose to have only those scores from a specific test date reported. If you do not select score recipients at this time, you must pay US\$23 per recipient to have scores sent at a later date.

Scores will be reinstated and reported approximately two weeks after your request for the computer-based revised General Test or on the approximate score report mailing date listed on page 39 of this Bulletin for the paper-based revised General Test or Subject Tests. Your scores will be mailed to you and your designated score recipients shortly thereafter.

## Absence from a Test

- ▶ Score reports sent to institutions will include your name, address, e-mail address, phone number, intended graduate major, GRE test scores, and percentile ranks. If you took the GRE General Test prior to August 1, 2011, your original Verbal Reasoning and Quantitative Reasoning scores will be reported along with estimated scores on the new score scale. A sample of an institutional score report can be viewed at [www.ets.org/gre/revised/institution/scorereport](http://www.ets.org/gre/revised/institution/scorereport).

## Score Review for Analytical Writing Measure **Fee: US\$55**

You may request a review of your Analytical Writing section up to six months after the administration. Submit the fee with your written request; include your full name, date of birth, test date, registration number, address and phone number. Mail the request to GRE-ETS, PO Box 6000, Princeton, NJ 08541-6000. Allow four weeks for the results of the review to be mailed. Note that during the review process your GRE revised General Test scores will be placed on hold; you will not be able to report your scores to designated score recipients until the review process is completed. If the score review process results in a higher or lower score, the new score will be reported.

### Paper-Based Test Hand Scoring

Fee: US\$30

Hand scoring for a Subject Test or the Verbal and Quantitative sections of the paper-based revised General Test is available up to six months after the administration. Submit the fee with your written request; include your full name, date of birth, test date, registration number, address and phone number. Mail the request to GRE-ETS, PO Box 6000, Princeton, NJ 08541-6000. If the score review process results in a higher or lower score, the new score(s) will be reported.

### Preventing Unauthorized Release of Your Scores

It is a GRE Board policy that your scores be reported only to you, to institutions of higher education granting the baccalaureate or higher degrees, to approved graduate fellowship-granting sponsors and to vendors the score recipients might designate to process the scores they receive. Score reports will be released only upon your request. ETS will not release your scores at the request of institutions or fellowship sponsors except for use in research studies that are approved by the GRE Board and that provide anonymity for the test takers and the institutions they attend.

**Note: Your score record and the documents you completed that are retained at ETS may be released to third parties, e.g., government agencies, parties to a lawsuit, if requested pursuant to a subpoena or required by applicable law.**

### GRE Diagnostic Service

#### COMPUTER-BASED TESTS ONLY

[grediagnostic.ets.org](http://grediagnostic.ets.org)

If you have taken the computer-based GRE revised General Test and have received your official ETS score report in the mail, use this free service to view information about your performance on the Verbal and Quantitative sections of your computer-based GRE revised General Test. This information includes the types of questions you answered right and wrong, the difficulty level of each question and the time spent on each question. This service will be available to you for six months following your test administration.

### Question-and-Answer Review Service

#### VERBAL AND QUANTITATIVE SECTIONS

Fee: US\$50

This service allows you to review the Verbal Reasoning and Quantitative Reasoning test questions that you answered incorrectly on your computer-based revised General Test. The questions are presented with your answers and the correct answers. The service is available to individuals who test in the U.S., U.S. Territories or Puerto Rico during one of the eight weeks listed below. Review sessions will be available at computer-based test centers approximately 30 days after the test date, and for up to 60 days thereafter.

October 2–8, 2011	January 8–14, 2012	April 1–7, 2012
November 6–12, 2011	February 5–11, 2012	May 6–12, 2012
December 4–10, 2011	March 4–10, 2012	

You may make an appointment three days after you take your General Test. Plan to be at the test center up to one and one-half hours. To reschedule, contact the center no later than three full days before your appointment. The rescheduling fee is US\$50 and there are no refunds for this service.

### Test Takers' Background Information Data and Performance Data

Test takers' answers to background information questions and their performance data may be used in analysis samples, score interpretation data, group statistics and research studies. Test takers' essay responses may be used in ETS materials to train scorers, to help score recipients interpret scores or to help examinees prepare for the test. In each instance, all identifying information will be removed.

### ETS Review of Test Questions

ETS routinely follows extensive review and quality control procedures to detect and avoid flawed questions and consequent errors in scoring. Such procedures include independent reviews by qualified individuals, pretesting questions for the General Test, feedback from test takers after they have taken a GRE test and careful analysis of performance data on each question after it has been administered in a GRE test.

Nonetheless, occasionally an error may be discovered after scores have been reported. Whenever this happens, the specific circumstances are reviewed carefully, and a decision is made about how best to take corrective action that is the most fair to all concerned.

### Cancellation of Scores by ETS

ETS strives to report scores that accurately reflect the performance of every test taker. Accordingly, ETS's standards and procedures for administering tests have two primary goals: giving test takers equivalent opportunities to demonstrate their abilities and preventing any test takers from gaining an unfair advantage over others. To promote these objectives, ETS reserves the right to cancel any test score when, in ETS's judgment, a **testing irregularity occurs**, there is an apparent **discrepancy in a test taker's identification**, the test taker engages in **misconduct** or **plagiarism** or the score is **invalid** for another reason. In addition, if ETS has substantial evidence that participation in any activity that affects score validity, such as having someone else take the test for you, obtaining test questions or answers via the internet, e-mail, text messaging or postings, it will result in score cancellation and/or any other action ETS deems appropriate, including banning you from future tests. You must agree to these terms and conditions when you register for the test and on test day. Reviews of scores by ETS are confidential. When, for any of the above reasons, ETS cancels a test score that has already been reported, it notifies score recipients that the score has been canceled, but it does not disclose the reason for cancellation except when authorized to do so by the test taker, and in certain group cases.

### TESTING IRREGULARITIES

“Testing irregularities” refers to problems with the administration of a test. Testing irregularities may result from actions of test takers, test center personnel, ETS, or from natural or man-made causes. When testing irregularities occur, they may affect an individual or groups of test takers. Such problems include, without limitation, administrative errors (such as improper timing, improper seating, defective materials [e.g., improper test forms], and defective equipment); improper access to test content; and other disruptions of test administrations (such as natural disasters or other emergencies). When testing irregularities occur, ETS may decline to score the test or cancel the test score. When, in ETS’s judgment it is appropriate to do so, ETS gives affected test takers the opportunity to take the test again as soon as possible without charge.

### IDENTIFICATION DISCREPANCIES

When, in ETS’s judgment, or the judgment of test center administrators, there is a discrepancy in a test taker’s identification, the test taker may be dismissed from the test center. In addition, ETS may decline to score the test or cancel the test score if the documents or photos from the test day cannot be authenticated.

### MISCONDUCT

When ETS or test center administrators find that there is misconduct in connection with a test, the test taker may be dismissed from the test center or ETS may decline to score the test or cancel the test score. Misconduct includes, but is not limited to, noncompliance with the “Test Center Procedures and Regulations” listed on pages 19–21 of this *Bulletin*.

Test takers whose scores are canceled will forfeit their test fees and must pay to take the entire GRE test again at a future administration. No record of score cancellations, or the reason for cancellation, will appear on their future score reports sent to colleges, universities and/or fellowship sponsors.

### INVALID SCORES

ETS may also cancel scores if, in its judgment, there is substantial evidence that they are invalid for any other reason. Substantial evidence means evidence that is sufficient to persuade a reasonable person; the substantial evidence standard is lower (i.e., requires less proof) than the reasonable doubt, clear and convincing, and preponderance of the evidence standards. Evidence of invalid scores may include, without limitation, discrepant handwriting, unusual answer patterns and inconsistent performance on different parts of the test. Before canceling scores pursuant to this paragraph, ETS notifies the test taker in writing about its concerns, gives the test taker an opportunity to submit information that addresses ETS’s concerns, considers any such information submitted and offers the test taker a choice of options. The options may include voluntary score cancellation, a free retest or arbitration in accordance with ETS’s standard Arbitration Agreement. In addition, the test taker is sent a copy of a booklet, *Why and How Educational Testing Service Questions Test Scores*, which explains this process in greater detail. (This booklet is available to any test taker at any time on request.)

**Note: The retest option is available only to test takers in the United States and Canada. The arbitration option is available only for tests administered in the United States.**

Your essay responses on the Analytical Writing section will be reviewed by ETS essay-similarity-detection software and by experienced essay readers during the scoring process. In light of the high value placed on independent intellectual activity within graduate schools and universities, ETS reserves the right to cancel test scores of any test taker when an essay response includes any of the following:

- ▶ text that is unusually similar to that found in one or more other GRE essay responses;
- ▶ quoting or paraphrasing, without attribution, language that appears in published or unpublished sources;
- ▶ unacknowledged use of work that has been produced through collaboration with others without citation of the contribution of others;
- ▶ essays submitted as work of the test taker that appear to have been borrowed in whole or in part from elsewhere or prepared by another person.

When one or more of the above circumstances occurs, ETS may conclude, in its professional judgment, that the essay response does not reflect the independent writing skills that this test seeks to measure. When ETS reaches that conclusion, it cancels the Analytical Writing score; because Analytical Writing scores are an integral part of the GRE General Test scores, those scores are canceled as well.

### Test Fairness and Score Use

ETS and the GRE Program have taken steps to ensure, to the extent possible, that tests and test scores are fair for all test takers, regardless of group membership. In addition, the GRE Board has developed guidelines for the use of GRE scores, which summarize the considerations for appropriate use of the scores and encourage institutions to use GRE scores appropriately. For information about test fairness and appropriate use of GRE scores, visit [www.ets.org/gre/greguidelines](http://www.ets.org/gre/greguidelines).

- RRC fax numbers are on page 26 of the *Bulletin*.

### Scheduling Process

- The RRC will try to schedule your first-choice test date, then your second-, third-, fourth- or fifth-choice test date in chronological order at your first-choice test center.
- If you select a second-choice test center and the RRC is unable to schedule you at your first-choice center, the RRC will try to schedule your first-choice, then second-, third-, fourth- or fifth-choice test date at your second-choice test center.
- If none of the test dates requested are available, the RRC will try to schedule you for a test date close to one of your choices.
- If you have a problem with the appointment scheduled for you, contact your RRC within 24 hours of receipt of your registration confirmation.

### Retaking the Test

- You may take the GRE revised General Test (computer-based **and** paper-based) *only once every 60 days*, and no more than *five times* within any continuous rolling 12-month period. This applies even if you canceled your scores on a test taken previously.

### Identification (ID) Requirements

- Be sure that the name you provide for registration matches the VALID ID you will present on the day of the test (see pages 17–19 in the *Bulletin*).
- If you fail to present the correct ID or if your name does not match the registration and ID, you will be **TURNED AWAY** from the test center.

### Confirmation Letter

- If you do not receive confirmation of your appointment by e-mail, fax or mail, you must call the RRC **AT LEAST THREE BUSINESS DAYS PRIOR TO YOUR FIRST-CHOICE TEST DATE**.
- If you miss your appointment and did not call the RRC, your test fee will not be refunded.
